

Reference grid only; not structural column setting-out. Civic wings have independent framing.

CONCEPT DESIGN | IMAGE-INFERRED | NOT FOR CONSTRUCTION

概念方案 | 图像反推 | 尺寸、结构、机电待核验

Source: two campus AI images + fab1.jpg; official analogues documented in analysis/cad/.

CAD model in mm; site coordinates X east, Y north, Z up. Internal layouts and member sizes are design estimates.

Plans/sections are extracted from actual FreeCAD BRep. Elevations project component outlines; hidden edges omitted per component.

Civic wing roofs and skylight may differ from the nominal building height; inspect actual geometry and parameter aliases.

No process certification, structural verification, measured survey, or construction approval is implied.
